Tech Talk:

Paul (N7EKY) gave a presentation on Raspberry Pi projects that the Raspberry Pi users group are involved with. These projects include APRS I Gate, WSPR Propagation and SSTV. Distinct advantage of Raspberry Pi is cost of initial set up (about \$100.00). Users group meets on Wednesday's 1:00PM to 3:00pm. All are welcome to come and find out more info on using the Raspberry Pi.

Repeater update:

Land O' Lakes repeater has been reinstalled and in up and running with good results. Currently running at 50 watts output. Next will be discussion on possibly setting up Land O' Lakes to be linked with Eagle River repeater and remote control maintenance.

New Business:

Scott(W9JV), has had a very nice article published in CQ Magazine on his involvement with Satern. Our congratulation to Scott on this article. Also the Satern trailer has been moved to the Phelps fire department to allow them to use as a canteen for fire calls. More people in Phelps to be trained as Satern operators for the canteen trailer.

Door Prize this week is 75 ft. of antenna wire and was won by Phil(KF9US).

Next meeting scheduled for November 13, 2019 at the Eagle River Fire Station.

7:30 P.M. meeting adjourned.
