Treasures report for meeting held December 5, 2021 were read into the record and accepted. Current balance \$3575.69.

Tech Talk: Video presented by Bob Barnum on the usage of ferrite chocks and torroids to reduce RFI. Video was very instructional as to the how ferrite chocks and torroids work and how they can be useful to amateur radio operators in reducing the interference and static that we might hear on our radios. Thanks Bob for putting together this presentation.

Old Business: Land O Lakes repeater:

Wires X now up and running thru the Land O Lakes repeater. Duplexers were cleaned and re-tuned by Jeffery(KD9FYU) and replaced back at the Land O Lakes site. Currently everything is running fine. The computer that is running the site has been starting to have trouble and might have to be replaced in the near future. Tom(KD9JIB) researched the out of state availability of some used duplexers and found nothing available at this time. Also it was reported by Bob Barnum(KC9RF) that no used duplexers are available thru the Eagle River Police Department.

New Business: No new business.

7:04P.M. Motion to ajourn, seconded by voice vote. Meeting adjourned.
