Tech Talk: Bob Barnum presented a you tube video explaining the the useage of the “ Gray Line “ effect for RF communications and how ham radio operators might take advantage of this effect. Also, Bob also gave the internet address for Simon’s Maps. This application shows the real time current Gray Line plus additional information that helps the ham radio operator apply the Gray Line effect. Thanks Bob for showing the attending club members how to apply this information.

Old Business: Wires-X (Land O Lakes repeater) – The old computer is currently working fine regarding the Wires-x application. Should the computer need replacing, the club does have Rogers laptop available as a replacement for the current computer.

New Business: Monday night VHF net on the Eagle River repeater: The club is currently looking for volunteers to run this net. Bob has a script available.

Both Kyle(AB9AX) and RayBob(KD9DDE) have volunteered to split the responsibility. RayBob will be running the net on the 1st and 3rd Mondays of the month with Kyle doing the 2nd and 4th . Tom(W9TBZ) has also volunteered to help when needed.

The Northwoods ARES meeting will now be meeting on the first Tuesday of the month at the New Bolt fire department.

Sayner WCon system is still unavailable, now currently acting as a stand alone repeater no longer connected to the system. DStar repeater is now acting up and will be moved to the Minocqua repeater.
