

November 11, 2020

Meeting called to order by President Bob Barnum.

All rose for the Pledge of Allegiance.

In attendance: Bob(KC9RF), RayBob(KD9DDE), Tony(KC9SZW), Roger(KD9EPX), Dave(N9DBS), Scott(WA9STI), John(KD9DQZ), Paul(W8YNY), Dale(N5QH), Paul(N7EKY), Scott(W9JU), Mark(KC9WI), Rick(W9RAH).

Minutes from October 14, 2020 were read into the record and accepted.

Treasures' report: No activity in October. The Land O' Lakes Wires-X project

was paid for with donations, projected ending balance is \$2642.66.

Report was read into the record and accepted.

Tech Talk: Continuation of RTL-SDR

Many clones of this communication system available, some work, some don't. Many do not work for direct conversion.

Why consider using this in shack:

Spectrum analyzer

To give a non SDR radio a frequency scope to control radio if radio is connected to a computer.

For \$25 might be fun to play with.

Old Business: Project status:

Land O' Lakes Wires-X update: Equipment is up and running at Paul Clay's residents. Club has been given permission to place this equipment at the Land O' Lakes firehouse, however the equipment has to be connected to the

router which is 3rd party. Arrangements are being made to accomplish this. Currently, Wires-X through the Land O' Lakes repeater is connected to the Wisconsin Link Room in digital mode. A Powerpoint presentation on how use this system is being sent to Bob Barnum for distribution to interested club members.

New Business: No new business to discuss.

Next meeting will be a virtual meeting starting at 6:00P.M. December 9 2020.

Meeting adjourned 7:00P.M.
