Minutes for the meeting held on May 11, 2022 were read into the record and accepted.

Treasures report for meeting held on May 11, 2022 were read into the record and accepted. New cash balance \$ 5456.68.

Tech Talk: No tech talk scheduled for this month.

Old business:

Wires-X currently up and running, but still having trouble with computer. Club might have to purchase a new computer to keep this capability on the LOL system.

LOL :

Still having some problems regarding receive capabilities. Will have to test the duplexers again as well as SWR for antenna to try to isolate the problem. Club agreed that it made sense to keep repeater at current location and look for another site if necessary in the future.

New business: Field Day 2022

Site location will again be the Sugar Camp Park. Club will be activating 3 stations and club call sign W9VRC will be used. Vilas County Radio Club invites all members and quest to attend.
